論出老闆侵害了漁工的哪些人權，並寫在小白板上。 A fisherman's diary Sep 28 I can't make enough money for my family in my country. Someone told me that I would get good pay if I took the job on the fishing boat. So here I am. This is my first day on the fishing boat. I started to work as soon as I got on the boat. It was a busy day. I didn't have time to eat or rest. Other fishermen told me that I have to get used to it. Sometimes they worked for days without sleeping and ate very little food. Oct 15 It was hot on the deck. We worked for several hours without resting. When we asked our boss for some water, he told us to drink the water from the air conditioner. We were hungry and thirsty, but we couldn't stop working. It was finally time to eat, but I didn't want to eat the food they gave us. The food was bad. I could tell from its smell. November 19 It rained heavily, but the boss still asked us to work. He said it was the best time for fishing on rainy days. I felt very sick and asked the boss for help. But he said "If you can't work, I will have to send you back without giving you money because you break the contract." Oct 31 It was a sad day. One of the fishermen got bitten by a shark a week ago. He got a high fever and was really sick. But he couldn't go to a doctor because our fishing boat has sailed far away from the land. We're not going back anytime soon. He died today. The boss said that his family will get money because of his death. He asked us to get back to work like nothing ever happened. How can he buy someone's life with money? I'm scared that I may die on the fishing boat. December 20 Christmas is coming. I miss my family very much. The boss promised me that we would go back before Christmas. But he said today that we were not going back because we didn't catch enough fish. We have worked on the boat for several months. The boss told us that we couldn't go back until we caught enough fish. But what does "enough fish" mean? We work all day long every day. Sometimes even work without sleeping and eating for many days. I'm so scared that I can't see my family anymore. 三、Think and Share （一）各組將小白板貼上黑板，並使用以下句型向其他組解釋為什麼老闆侵犯了漁工的人權。	10 分鐘	小組報告
